LET'S GET EVERYTHING SET UP!

1. In Schoology, go to: **Courses(in the top menu) > FEWD CHI 1: Section 1**
2. Then go to the **Class Materials** folder — it's the pink one!
3. Navigate to the **Week 9 (It's the yellow folder) > Lesson 16 folder**
4. There you'll find all the materials for today's class
5. Download starter_code_lesson_16.zip
6. Move it from your Downloads folder to your Desktop
7. Double-click on starter_code_lesson_16.zip to unzip it
8. After you've unzipped, delete the original .zip to avoid confusion and make sure you don't unzip it again later!!!

LEARNING OBJECTIVES

‣ Apply skills learned thus far to create a todo list application

AGENDA

- Planning and Feature Requirements
- Lab session
